(Instruções: Leia o diálogo em voz alta com o professor.)

Scene: Marie is having a tour down the Puerto Princesa Subterranean River.

Kaye : Well Marie, now I'll present to you something special. This is the Puerto Princesa **Subterranean** River and I'll show you a part of it.

Marie : Thank you! And I have to say that this is astonishing. I haven't seen anything more beautiful than this in a really long time.

Kaye : And there is 8.2 kilometers of this beauty. The river is said to be the longest navigable underground river in the world. And it's also the famous **island hopping** spot.

Marie : Wow, 8.2 kilometers! Seeing only this much makes me want to see every part of it.

Kaye : And I have to say it is worth it. The river was declared as **World Heritage Site**, so it is protected by UNESCO.

Marie : I'm glad they are protecting and preserving its beauty and class for future generations as well.

Kaye : That's right. And this river is not it. This whole **national park** is located in the Saint Paul Mountain Range on the northern coast of the island, so next to the beautiful river, we have a beautiful mountain as well

Marie : I see, you seem to have everything you need. What about these weirdly shaped stones surrounding the cave? What are those?

Kaye : The Park has a **karst** mountain **landscape**. It is more than 24 km (15 mi) long and contains an 8.2 km (5.1 mi) long underground section.

Marie : This is really amazing! I wish I had time to see all of it.
